Behind every tile  
is an **ULTRA**  
great adhesive...

For all your

| Adhesives | Grouts | Floor Levellers | Silicone Sealants

Visit [www.instarmac.co.uk](http://www.instarmac.co.uk) for additional details on any of the Ultra range of products including technical and material safety data sheets, or alternatively contact your Ultra sales representative for further information on stocking any of the Ultra range.

Colours on the chart overleaf should be used as a guideline only as print process shades may vary from grout samples.

Grout: We would always recommend a small trial area be completed to check for the desired shade as applications can vary depending upon substrate and site conditions.
